REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: Claims 1-7 are allowable. Claim 1 recites a finger protector formed with a combination of an inner piece and an outer piece with a raised midsection with laterally protruding straps and an end part, wherein the midsection has transverse webs and the inner piece includes tie webs interconnected through expanding webs, with the expanding webs of the inner piece engage in the transverse slots of the outer piece such that the finger protector is movable in one direction and locks in the opposite direction in order to prevent excessive stretching of the finger in the direction towards the back of the hand.
